

The **18th International Conference on Mobile Learning** was hosted virtually during **12 – 14 March, 2022**.

This conference was organized by the International Association for Development of the Information Society (IADIS).

The Mobile Learning conference sought to provide a forum for the presentation and discussion of mobile learning research which illustrate developments in the field. In particular, but not exclusively, aimed to explore the theme of mobile learning under the following topics: Learning analytics and mobile learning, Cloud computing and mobile learning, Pedagogical approaches, models and theories for mLearning, mLearning in and across formal and informal settings, Strategies and challenges for integrating mLearning in broader educational scenarios, User Studies in mLearning, Learner mobility and transitions afforded by mlearning, Socio-cultural context and implications of mLearning, Mobile social media and user generated content, Enabling mLearning technologies, applications and uses, Evaluation and assessment of mLearning, Research methods, ethics and implementation of mLearning, Innovative mLearning approaches, Tools, technologies and platforms for mLearning and mlearning: where to next and how?

This edition was published jointly with the 20th edition of the International Conference on e-Society (ES 2022). These events received 152 submissions from more than 28 countries. Each submission was anonymously reviewed by an average of 4 independent reviewers, to ensure the final high standard of the accepted submissions. Out of the papers submitted, 27 received blind referee ratings that signified acceptability for publication as full papers (acceptance rate of 18%), while some others were published as short and reflection papers.

Extended versions of the best papers were selected to be published in:

- ❖ Interactive Technology and Smart Education (ITSE) journal (ISSN: 1741-5659)

- ❖ the IADIS International Journal on WWW/Internet (IJWI) (ISSN: 1645-7641)

In addition to the papers' presentations, the conference also included one keynote presentation by Professor Pedro Isaias (Information Systems & Technology Management School, The University of New South Wales, Australia).

Keynote Presentation:
